

I will be VERY upset if you change ANY of WI's do-not-call law.
The only reason I could think of why you might change our law is
that you are on the take from these businesses (otherwise known as
large "campaign" contributions). If I want a service I take
charge and call the service myself. I don't need them telling me
I need them. I do NOT want any business calling me. I HATED all
the calls I used to receive and NEVER want that to occur ever
again!!
